Crane Training Schools Calgary

Crane Training Schools Calgary - Our different programs for Mobile Crane Operation are meant for experienced operators who requires certification or re-certification, and for inexperienced people who are looking for their first work as an operator of a crane. Industry demand for crane operators who are certified is high all over the country. Positions for crane operators are high because of their high pay. Crane operators are amongst the highest paid of whichever operator of heavy equipment.

Our Crane Operator training provides instruction for different mobile cranes. Course subject consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Rigging, Signaling and Load Charts.

The Crane Training School program is best for operators, riggers and supervisors. Course materials include a manual and informative hand-outs. The safety manual that is illustrated features one hundred to two hundred fifty pages, depending on the course, of vital and helpful material. Course materials consist of load charts and load chart exercises for the crane with which the individual training is working.

Over half of the course comprises Hands-On Safety Training. Practical training is useful for developing and increasing personnel skills levels. Only skilled journeyman crane instructors are selected to teach the courses. Our instructors possess numerous years of experience in the business.

For all the course we offer, we could include optional testing mechanisms to customize your training. A skills test is normally administered for programs that consist of H.O.S.T. People training will be tested and graded.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Certification & Testing.

As the new business requirements surface, the business standards of practice also change. The industry sees continual updates to regulations and legislation, in addition to equipment and technology improvements. Industry data collection and analysis identify changing trends. Members maintain the privilege of managing their certifications and training programs. Mobile device alerts keep members ahead of personal and workplace safety news.
