Nissan Forklift

Nissan Motor Co. Ltd prides itself on attaining total customer contentment when enjoying one of their car, truck or forklift products. They are fully committed to delivering high value and meticulous quality values to their customers. Incorporating a fruitful heritage combined with resilient manufacturing principals, Nissan lift trucks provide many of the finest materials handling equipment the industry has to offer.

Nissan Forklifts has a short time ago added a European manufacturing warehouse in Sweden to keep up with worldwide forklift demands. Dedicated to providing customer support, the business has four independent manufacturing facilities that allow them to constantly adapt to their consumers continually evolving needs by offering a variety of innovative ideas and designs.

Nissan Forklift operations for North and South America is based in Marengo, Illinois. Home to a team of 350 personnel, they are devoted to the design, fabrication, and support of their lift truck products. Using ISO standards (ISO-9001 and ISO-14001 certifications) this allows sectors of the Nissan Forklift Operation to maintain environmental responsibility by using techniques and processes that minimize their environmental footprint. These high values remind consumers that Nissan operates under the quality seal that their clients insist upon while being an environmentally aware corporation.

Nissan is fairly convinced that any of their customer's questions and client considerations directed towards them can be fully addressed. Always available through their website or by calling 800.871.LIFT, contacting one of their community sanctioned sellers or even going to their Midwestern facility, Nissan Forklift Corporation is certain you will be impressed with their warmth and dedication.
